Aerohive Networks Reports Q1 2017 Results; Guides to Profitability in Q2

Record Software and Subscriptions Revenue, with 24% YoY Growth in Q1

MILPITAS, CA — May 3, 2017 — Aerohive Networks® (NYSE: HIVE), a leader in cloud networking and enterprise Wi-Fi, today announced financial results for its first quarter ended March 31, 2017.

“We’re pleased to deliver results at the high end of our guidance for revenue and exceeding our guidance for gross margin and earnings per share, made possible by the actions we have taken to improve our execution and operational efficiency,” stated David Flynn, President and Chief Executive Officer. “While there is more work to do, we believe we have turned the corner on the major challenges that affected our results last year and are now back on a positive trajectory, guiding to non-GAAP EPS of breakeven to \$0.01 in the second quarter and expecting to resume year-over-year growth in the second half of 2017.”

Financial Summary

Total revenue for the first quarter of 2017 was \$36.4 million, compared with \$40.1 million for the first quarter of 2016. Software subscription and services revenue was \$9.5 million, or 26% of total revenue for the quarter, compared with \$7.7 million, or 19% of total revenue, for the first quarter of 2016.

On a GAAP basis, net loss was \$9.0 million for the first quarter of fiscal year 2017, compared with a net loss of \$12.5 million for the first quarter of fiscal year 2016. GAAP gross margin was 67.2% for the first quarter of fiscal year 2017, compared with 66.8% for the first quarter of fiscal year 2016.

On a non-GAAP basis, net loss was \$4.1 million for the first quarter of fiscal year 2017, compared with a net loss of \$6.2 million for the first quarter of fiscal year 2016. Non-GAAP gross margin was 68.2% for the first quarter of fiscal year 2017, compared with 67.5% for the first quarter of fiscal year 2016.

Conference Call Information

Aerohive Networks will host a conference call and webcast for analysts and investors to discuss its first quarter 2017 results and outlook for its second quarter of 2017 at 2:00 pm Pacific Time today, May 3, 2017. The call may be accessed by dialing 1-888-296-4302 (toll free) or 1-719-325-2496 (international) and providing the passcode 6077504. A live audio webcast of the conference call will be accessible from the “Investor Relations” section of the Company’s website at <http://ir.aerohive.com>. An audio replay of the call may be accessed at the same location after completion of the live call.

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding Aerohive Networks' financial expectations and operating performance and expectations for continued momentum, including statements regarding the progress we made in addressing challenges in our business, including to strengthen our channels and product offerings, diversification of our market opportunities and our continued progress toward non-GAAP operating profitability and ability to resume revenue growth. These forward-looking statements are based on current expectations and are subject to inherent uncertainties, risks and changes in circumstances that are difficult or impossible to predict. The actual outcomes and results may differ materially from those contemplated by these forward-looking statements as a result of these uncertainties, risk and changes in circumstances, including, but not limited to, risks and uncertainties related to: our ability to continue to attract, integrate, retain and train skilled personnel, especially skilled R&D and sales personnel, in general and in specific regions, our ability to develop and expand our sales capacity and improve the effectiveness of our channel, our ability to improve our operating and sales execution, general demand for wireless networking in the industry verticals targeted or demand for Aerohive products in particular, our ability to benefit from our participation in the E-Rate program, unpredictable and changing market conditions, risks associated with the deployment, performance and adoption of new products and services, risks associated with our growth, competitive pressures from existing and new companies, including pricing pressures, changes in the mix and selling prices of Aerohive products, technological change, product development delays, reliance on third parties to manufacture, warehouse and timely deliver Aerohive products or international operations, our inability to protect Aerohive intellectual property or to predict or limit exposure to third party claims relating to its or Aerohive's intellectual property, Aerohive's limited operating history, particularly as a public company, uses of Aerohive's capital and general market, political, regulatory, economic and business conditions in the United States and internationally.

Additional risks and uncertainties that could affect Aerohive's financial and operating results are included under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Company's recent annual report on Form 10-K and quarterly report on Form 10-Q. Aerohive's SEC filings are available on the Investor Relations section of the Company's website at <http://ir.aerohive.com> and on the SEC's website at www.sec.gov. All forward-looking statements in this press release are based on information available to the Company as of the date hereof, and Aerohive Networks disclaims any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made, except as required by law.

Non-GAAP Financial Measures

Aerohive's results for its first quarter 2017 reported in this press release and the related earnings conference call include certain non-GAAP financial measures, including:

- non-GAAP gross profit and non-GAAP gross margin;
- non-GAAP product gross margin and non-GAAP software subscription and service gross margin;
- non-GAAP operating expenses and non-GAAP functional expenses;

-
- non-GAAP operating expense percentage and non-GAAP functional expense percentage;
 - non-GAAP operating loss and non-GAAP operating loss percentage; and
 - non-GAAP net loss and non-GAAP net loss per share.

The Company defines non-GAAP financial measures to exclude share-based compensation, adjustments to internal-use software amortization, and certain charges related to litigation and restructure.

The Company has included non-GAAP financial measures in this press release because the Company believes they are key measures used to evaluate the business, measure performance, identify trends affecting the business, formulate financial projections and make strategic decisions. In particular, the exclusion of certain expenses in calculating these non-GAAP financial measures can provide a useful measure for period-to-period comparisons of the Company's core business.

Although non-GAAP financial measures are frequently used by investors in their evaluations of companies, these non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with the Company's results of operations, as determined in accordance with GAAP. Some of these limitations are:

- the non-GAAP measures do not consider the expense related to stock-based compensation, which is an ongoing expense for the Company;
- although amortization of internal-use software is a non-cash charge, the assets being amortized often will have to be replaced in the future, and non-GAAP net loss and non-GAAP loss per share do not reflect any cash requirement for such replacements;
- excluding certain expenses associated with litigation in the quarter does not reflect the impact on our ongoing operations over this period of the cash requirement to defend such litigation;
- restructuring charges include costs associated with restructuring and primarily relates to employee termination costs and benefits, and excluding those will provide a useful measure for period-to-period comparisons; and
- other companies, including companies in our industry, may calculate these non-GAAP financial measures differently, which reduces their usefulness as a comparative measure.

Because of these limitations, you should consider non-GAAP financial measures only together with other financial performance measures, including various cash flow metrics, net loss and other GAAP results.

A reconciliation of non-GAAP guidance measures to corresponding GAAP measures is not available on a forward-looking basis due to the high variability and low visibility with respect to the charges that are excluded from these non-GAAP measures.
